Annual Report 2023-24

Mission Statement

Carbon Valley Help Center's mission is to help people in immediate need move toward self-sufficiency by unifying Carbon Valley Resources.

Vision Statement

The Carbon Valley Help Center assists community members who are experiencing food and household insecurity and leads them to achieve their potential.

One of the joys of preparing an annual report is that it gives us a chance to look back and to be thankful for all that has been accomplished. The past year was filled with both opportunities and challenges. Some highlights were:

- The CVHC participated for the ninth year in the United Power Roundup Program which assists United Power customers in paying past due bills for utilities and rent.
- The CVHC successfully held the 9th annual Empty Bowls Project fundraiser. The funds raised will be used to provide client assistance grants.
- The CVHC remains open two days per week. We are staffed by two part-time paid employees and numerous volunteers who run the pantry and front desk, deliver food to clients who don't have transportation and pick up food donations around the community.

The following is an overview of The Carbon Valley Help Center's Income and Expenses for the fiscal year July 1, 2023 to June 30, 2024:
